

The new titles list on April 12, 2010

1. **Polymer Engineering Science and Viscoelasticity. An Introduction** / Brinson Hal F. i in. – New York, 2008.
Sygn.: 56258
2. **Mechanics and Strength of Materials** / da Silva Vitor Dias – Berlin, 2006.
Sygn.: 56257
3. **Fatigue Testing and Analysis. Theory and Practice** / Lee Yung-Li i in. - Oxford, 2005.
Sygn.: 56256
4. **Mechanics of Materials** / Gere J. M. i in. – Stamford, 2009.
Sygn.: 56255
5. **Mechanical Behavior of Materials** / Meyers Marc i in. - Cambridge, 2009.
Sygn.: 56254
6. **Fatigue of Structures and Materials** / Schijve Jaap - Amsterdam, 2009.
Sygn.: 56253
7. **LEA'S Chemistry of Cement and Concrete** / Hewlett Peter C. (Ed.) – Oxford, 1998.
Sygn.: 56252
8. **Materials degradation and its Control by Surface Engineering** / Batchelor Andrew William i in. – Singapore, 1996.
Sygn.: 56234
9. **Shape Memory Alloys. Modelling and Engineering Applications** / Lagoudas Dimitris C. (Ed.).- New York, 2008.
Sygn.: 56233
10. **The Superalloys: Fundamentals and Applications** / Reed Roger C. – New York, 2006.
Sygn.: 56232
